

## GREEN POWER ENERGY

*From Lanesboro Public Utilities*

### Green Power Energy!!

1 Yes, I would like to support renewable energy through Lanesboro Public Utilities!

I agree to allow the Lanesboro Public Utilities to add \$2.00 to my monthly utility bill for the Green Power Energy program. For each \$2.00 payment I will have supported 100 kilowatt hours (kWh) of clean, renewable energy. I understand that my commitment is for one year and will continue on an annual basis until I provide notification in writing to end my participation in the program.

Lanesboro, MN 55949  
(507) 467-3722

### **What will it cost me to support renewable energy?**

The cost for 100 kilowatt hours of renewable energy generation will be \$2.00/month, with a one-year commitment.

### **What will I receive for my contributions?**

Most important, you will receive the satisfaction of knowing that you are making a difference for the environment, economy, and energy of Lanesboro. You also will receive a Lanesboro Green Power Energy certificate and other recognition for your support.

### **Will I receive renewable energy directly to my home or business?**

Power generated from wind turbines and other renewable facilities will be fed into the Dairyland Power Cooperative system, from which Lanesboro Public Utilities is supplied. The actual electricity flowing to your home comes from that system, which includes a mix of resources.

### **Will power to my home or business depend on whether the wind blows?**

No, your power will continue uninterrupted.

### **How do I participate?**

Use the form to the left of this brochure to sign up for Green Power Energy.
